

OKLAHOMA TOWN UNDER MARTIAL LAW

TOWN BURNING AND RACE WAR ON IN TULSA, OKLA.

Fifty Negroes and Six White Men Killed and Ten Blocks Burning—Trouble Over Criminal Assault by Negro on Orphan White Girl in an Elevator.

(By Associated Press) Tulsa, Okla., June 1.—Continuous gun fire broke out shortly after daylight today near the negro quarters in Tulsa, the scene of an all night race disturbance resulting in the death and injury of an unknown number of persons and the calling out of the Oklahoma national guard units to quell the disorders. The firing came from the spot where throughout the early morning hours five hundred white men and a thousand negroes faced each other across the railroad tracks. The first reports at police headquarters said the bodies of six to ten negroes could be seen lying in a space described as "no man's land." At dawn this morning 60 or 70 motor cars filled with white men formed a circle around the negro section. Half a dozen airplanes circled overhead. The trouble is said to be the result of the arrest late yesterday of a negro alleged attack of a white girl. The negroes resented the arrest of the man and the killings followed. Nearly ten blocks of the south side of the negro section of Tulsa where an armed conflict has been in progress between white men and negroes resulting in the death of at least six whites and fifty negroes and is rapidly increasing in dead and wounded were in flames early today. The state troops commanded by Adjutant General Barrett arrived at 9 o'clock, and augmented local units of national guardsmen called out last night. Detachments of guardsmen are scattered throughout the city prepared to meet all emergencies, with machine guns ready for action. Guards surrounded the armory while others assisted in rounding up negroes segregating them in the jail, the convention hall, baseball park and other places converted into prison camps. The trouble resulted on the arrest yesterday of Dick Rowland, negro, for assault upon an orphan girl in an elevator. The negro was spirited away from the county jail soon after 2 o'clock this morning by deputies from the office of Sheriff McCullough. They refused to divulge his whereabouts. Officers declared he would be given a speedy trial when the situation quieted down and a change of venue sought if necessary. The first attempts to fire on the negro section of Tulsa was made about 1:30 when hundreds of white men openly threatened to destroy the locality. An attempt to burn the quarters was resumed at 6:40 a. m. As the smoke enveloped the house the negroes were seen to rush out shouting "shoot." As they dashed through the smoke screen they were ordered to surrender and removed to prison camps. The civic organizations are caring for the wounded and refugees. Ice water and sandwiches are served to the wounded and sick. Many private citizens volunteered to work for the wounded. Many dead are lying in "no man's land."

Wages On Railroads Are Cut 12 Per Cent July 1

(By Associated Press) Chicago, Ill., June 1.—A 12 per cent reduction in the wages of all classes of railroad labor, which will drop approximately \$400,000,000 annually from the payrolls of practically every railroad in the country, was announced Tuesday night by the United States railroad labor board. The reduction will become effective July 1. It will effect nearly 2,000,000 railroad employees. The reduction hits every class of railroad employee from engineers to common laborers. While the decision declares that it affects only those roads which made applications for wage reduction prior to April 18, it adds that it will also include "such carriers as may be included hereafter by addenda, and to the specific classes of employees named or referred to under each particular carrier." Fifty-six railroads are included in the decision, and all other class A carriers will be included by July 1, as they are given until that date to file petitions for wage reductions. Railroad executives expressed disappointment in the decision. They said that they had hoped that it would completely wipe out the 20 per cent increase given last year, providing for a \$600,000,000 annual increase. By this decision the employees are still the gainers by \$200,000,000 over wages prior to July 1, 1920. Union leaders declined to comment, pending study of the provisions of the decision.

BRYAN ROTARY CLUB WEEKLY LUNCHEON TUESDAY AFTERNOON

(By Secretary Oak McKenzie) The speaker was Hon. Lee J. Rountree; the time was Tuesday and the occasion was the regular weekly luncheon of the Rotary Club of Bryan, Texas. Mr. Rountree among other things said: "Sixteen years ago a business man named Paul Harris lived in Chicago, Ill. He had not been there long before he felt the great loneliness of the city. He had no particular friends, and missed the fellowship of those who were interested in him, and who respected him for his own self. He finally found three others, of various professions and trades like himself who felt the strangeness of their presence among two million people who cared nothing for them seemingly. "They came to his shop or office one day to lunch with him as his guests. They talked of their work, and found among themselves that which they had all missed—real fellowship. The next week another one of the four asked the three to his shop for luncheon, and the third week another played the host. When the meeting place for a midday meal had rotated around the four, they started over again, and asked one and then another to join the circle. And the first Rotary Club in America came into existence. One year later one hundred men formed the first permanent Rotary Club in America and the four men who started it there in Chicago were charter members. Once in a while they invited their friends and business associates in for a luncheon with them, and they began to tell of the idea, and San Francisco asked the Chicago Rotarians to come out and organize and explain Rotary meaning to them. Later New York asked for an organization. And now 942 clubs in America and various parts of the world, in South America, Australia, in far away Africa and Japan, meet once each week under the inspiration of the club motto: "He profits most who serves best."

The following were present: President T. K. Lawrence, Vice President Lee J. Rountree, Secretary Oak McKenzie, and D. K. Bible, C. R. Gardner, R. W. Howell, John M. Lawrence, Major Ike S. Ashburn, Dean J. C. Nagle, J. Webb Howell, Law Henderson, J. A. McQueen, G. Sam Parker, M. L. Parker, D. Ernest Moore, C. E. Jones and Tyler Haswell. The club will hold its weekly luncheon each week at 12:30 on Wednesday from this time on, as a resolution was adopted to that effect yesterday. The charter has been granted and the Bryan Rotarians are on the Rotary map.

GREAT BRITAIN AND JAPAN NEGOTIATING

(By Associated Press) Tokio, June 1.—Great Britain suggested that Japan permit Anglo-Japanese alliance to continue another year, Nichi Nichi declares today. The two nations are definitely negotiating for a revision of the alliance, newspaper says.

BOLSHEVISM IS NOT TO RULE IN MEXICO

(By Associated Press) Mexico City, June 1.—Bolshevism does not now constitute a menace, declared Antonio Dias Soto y Gama, socialist leader in the Chamber of Deputies Monday Senator Soto y Gama has long been recognized as irremediable radical chief and been charged by political opponents as having planned the invasion of the Lower House of Mexican Congress by alleged Bolsheviki two weeks ago. He added, "Mexico is not prepared for Bolshevism, and its proletarian class because of their lack of education and experience in general worldly knowledge not in position to supplant the present ruling class." Local newspapers attach much importance to Senator Soto y Gama's utterance at this time.

OPTOMETRIST TO HAVE MEDICAL LICENSES

(By Associated Press) Austin, June 1.—Optometrist of Texas who prescribe glasses and other treatment of the eyes is violating medical practice act in Texas unless he has a physician's certificate required under the statute according to an opinion rendered by the court of criminal appeals today. Mrs. H. N. Bell, of Sayersville, Texas, has been in Bryan for several days attending the Allen Academy Commencement, her son, Henry N., being one of this year's graduates.

(By Associated Press) Tulsa, Okla., June 1.—Martial law was declared in effect here and throughout Tulsa county at noon today by State Adjutant General Barrett following the receipt of orders from Governor Robertson directing the military take over situation arising from race clash. A negro outraged an orphan girl and a fight ensued. Fifty negroes and eight white men were killed and the negro portion of the town is burning.

AMERICAN LEGION OF TEXAS WANTS 100 PER CENT LOYALTY

(By Associated Press) Galveston, June 1.—Texans who gave their lives for America were honored here Monday in one of the most elaborate Memorial Day programs in the history of the state. Heroes of three great struggles, the Civil, Spanish-American and World War, received equally reverent homage and on their graves were placed impartially the blood red poppy of France. Starting with the arrival early Monday of Maj. Gen. James G. Harbord, in command of Camp Travis, and newly chosen assistant chief of staff of the army, the ceremonies were concluded Monday night in a statewide mass meeting held under auspices of the Texas department of the American Legion, and from which issued a call for 100 per cent Americanism as the only way in which to pay the debt to those who gave their lives. Firing squads in the afternoon gave a soldier's tribute, a volley, over graves of soldier and sailor dead in the various cemeteries on the island, while thousands made pilgrimages to pile high with flowers their last resting places. The mass meeting held in the city auditorium Monday night was on the order of those at which "four-minute" men spoke during the war. The speakers, of whom there were half a score of notables, spoke in "machine gun bursts," and all preached the gospel of a 100 per cent Americanism, as the heritage bequeathed by those who died. Dr. Guy O. Shirey, state commander of the American Legion, introduced General Harbord as one of General Pershing's most efficient aides, without whom "America might yet still be fighting."

Messages from President Harding, General Pershing and Assistant Secretary of the Navy Roosevelt were read to the meeting. President Harding's message said: "Please convey my heartfelt greetings and assurances of high approval to the all-American mass meeting. It seems to me that to combine Memorial Day exercises with an all-American mass meeting for the entire state of Texas is altogether commendable."

TOWN TO BE MOVED TO INSTALL IRRIGATION

(By Associated Press) Pocatello, Idaho, June 1.—Removal of the entire town of American Falls, Idaho, with its population of 2,000, two or three miles to a new site higher than its present location, is to be attempted within a few months by engineers working on a huge irrigation project. Waters of the Snake river, on which American Falls is located, are to be dammed, according to present plans, and will be used to reclaim some 300,000 or more acres of arid land now given over to the sage brush. Engineers say the project is one of the largest ever attempted. The big dam, itself will have an abutment of one mile in length, will be sixty feet high and will have a base sufficiently strong to stand an additional thirty feet should it ever be deemed necessary to add to its height. The big reservoir to be filled by the waters backing up from the dam will cover some 76 square miles and will have an impound of 3,000,000 square feet. Its waters will extend from American Falls to Blackfoot, a distance of about twenty miles. The reservoir will have a shore line of nearly 100 miles and, at its widest point, it will be four miles across and in places, 90 feet deep. Besides moving the town of American Falls, it will be necessary to tear up the Oregon Short line railroad and move it to higher bench land. A railroad bridge will be raised and a new one constructed farther up the Snake river. The Idaho Power Company's plant furnishing light and power to the southeastern section of the state, will be removed. The dam site has been surveyed and preliminary work in the form of drilling for a solid rock foundation has been started. Misses Elizabeth and Ruby Boriski left this morning for Houston to visit their aunt, Mrs. Edwin Basin.

MEN, WOMEN AND NEGRO PORTERS ARE ARRESTED IN DALLAS

(Special to the Eagle) Dallas, Tex., June 1.—Carrying out his assertion that he would rid the town of loafers and immoral women, Chief Elmo Strait has ordered a campaign against undesirables in hotels and rooming houses. Members of the purity squad visited several hotels Monday night with the result that eight men and women, including two negro porters, were arrested. Charges of vagrancy were docketed against some of those arrested. Others were held for investigation. "I intend to clean up the city and the gamblers and loafers must go," Chief Strait said. "The purity squad will be kept on the job until such characters find they can not thrive here." The police docket showed Tuesday morning that other members of the department were aiding in the clean-up, as fifteen arrests were made on charges of vagrancy. The charge is made here that the hotels which are charging the highest and most unreasonable prices ever known for service are the breeding places of crime and immorality. An officer here said: "Crime must diminish in Dallas and many hotels may or will face the issue or we will continue to raise them."

CHAIRMAN CREAGER REPUBLICAN LEADER IN TEXAS POLITICS

(By Associated Press) Brownsville, Tex., June 1.—The political career of Hon. R. B. Creager, Republican state chairman of Texas, dates back to the administrations of Presidents Roosevelt and Taft. Since then he has been prominent in the activities of the Republican party. He made the second speech for Warren G. Harding at the national convention in 1920. Mr. Creager whose home is in Brownsville, was born March 11, 1877. He was educated in the public schools of Brownsville; received the degree of Bachelor of Science at Southwestern University in 1898, and the degree of Bachelor of Laws at the University of Texas in 1900. In college he won the Senior orator's medal at Southwestern University in 1898, was business manager of the S. W. U. Magazine and editor in chief of the University of Texas Magazine.

The first political position held by Mr. Creager was that of collector of customs, Brazos de Santiago district, under Presidents Roosevelt and Taft. He became the Republican nominee for governor of Texas in 1916 and was a delegate to the Republican national convention of that year. He made the second speech for President Harding's nomination at the Chicago convention in 1920. Early in 1921 he was elected republican state chairman of Texas. Mr. Creager is a practicing attorney here. He is also president of the First National Bank of Brownsville and director of two other banks in the Rio Grande Valley. He has taken an active part in development of the irrigated section of the lower Rio Grande Valley and is president of the Louisiana-Rio Grande Canal Company. Mr. Creager married Elizabeth Alice Terrell, of Terrell, Texas, in 1904. They have four children, Kathryn, Elizabeth, Frances and R. B., Jr. Mr. Creager is a member of the Phi Delta Theta and Theta Nu Epsilon fraternities, and is a 32 degree Master, Knight Templar, Shriner and Elk. He is now all powerful in Texas republican parties and is slated for Ambassador to Mexico under appointment of President Harding.

THE DETOUR SAVES TEN MILES TO NAVASOTA

The detour of the Navasota-Bryan road which was made by Secretary Eberstadt, Messrs White and Wilson will save at least ten miles between Bryan and Navasota. The concrete road will be widened from 15 to 17 feet which was made possible by an additional \$8,000 secured from the Texas Highway Commission. Work on the 17-foot road begun this morning. Z. H. Hammer has returned from a business trip to Houston.

ALLEN ACADEMY HAS A GREAT COMMENCEMENT

Colonel Ousley Delivers the Commencement Address—Professor Allen Speaks—Medals, Diplomas and Scholarships Awarded to Young Men of Four States Tuesday Evening.

After twenty-two years of successful educational work the Allen Academy held its 1920-21 commencement exercises Sunday, Monday and Tuesday. The event of all commencements, the graduating exercises, took place Tuesday evening at the First Methodist church, Prof. R. O. Allen presiding. A splendid body of young men sat in the reserved seats presenting an inspiring scene. At such a propitious time any man might be pleased at the work accomplished and Prof. Allen's remarks were appropriate to the great occasion which exemplified the work of instructors in shaping the future lives and destiny of a body of splendid young men from four states—Texas, Louisiana, Missouri and Tennessee. The music was furnished by the Academy orchestra under the director, Mr. Anton Ernst. He was assisted by his sons, Robert and Anton Ernst, of Waco, and the members of the band. Too much praise cannot be given these gifted musicians, the Ernsts. Every event was a genuine treat in charming music of rhythm and technique and especial praise should be paid the rendition of the "Allen Spirit," a great march with a chorus. The music was by Director Ernst and the inspiring words by R. C. Stevenson. Prayer was offered by Rev. H. C. Willis, pastor of the First Methodist church followed by an instrumental duet by Erwin Ernst and Robert Ernst.

COMMENCEMENT ADDRESS BY COLONEL OUSLEY

Prof. Allen in introducing Colonel Clarence Ousley to deliver the commencement address paid a tribute to him as one of the leading men of the country and an honored citizen of Bryan. Col. Ousley gave the young men of the graduating class a vivid picture of the wonderful opportunities now confronting them in the forty years of life just before them as they were equipped for the real tasks of honored citizenship. Col. Ousley declared the world and civilization was not complete and the next quarter of a century would furnish the young men ample opportunity to accomplish great successes. He congratulated Prof. R. O. Allen on his long and faithful career as an instructor for the young men and in shaping their lives for service of their country and their God. Col. Ousley's address dealt with the real opportunities and duties in this great day and admonished the young men to be courageous and fearless in the possession of their knowledge they had gained at Allen Academy. The greatest virtue in the present crisis now was to be a loyal patriotic American citizen to uphold the law and perpetuate free government for all time to come. Col. Ousley's address was one of wisdom and power and met with much endorsement.

Prof. Allen responds At the close of Col. Ousley's address Prof. Allen took occasion to pay a feeling tribute to the life work of his beloved brother, Prof. John H. Allen, one of the founders of Allen Academy and who for twenty-one years was the power upon which all depended when crisis were to be met. This was one of the sad events of the commencement to recall his going from the activities here to his last reward. But he bequeathed to all a priceless heritage that will live through time. Prof. Jno. H. Allen was universally beloved by the people of Bryan, the parents of the boys, the faculty and the student body. Prof. Allen took occasion to say that he was surrounded by the most loyal faculty any man was ever blessed with and that the school had succeeded through their efforts. Prof. Allen's words were appreciated by all.

The scholarships to the A. & M. College, the University of Texas, Rice and a half dozen other colleges were awarded to F. G. Dyer, of Houston, as the highest ranking man in the senior class. The senior scholarship medal given by Dr. P. M. Rayson, was awarded to J. H. Kennard, Jr., of Anderson, Tex. The English medal offered annually by Mrs. O. H. Astin went to Pat K. Webb, of Elgin, Texas. This medal is awarded for the greatest improvement in English. Young Webb's progress in this branch by the ascending scale of grades indicated by the figures—60, 80, 85, 90.

The junior scholarship medal, offered by Mr. John M. Caldwell, was awarded to Bob Price, of Waco. The Waldrop & Co. medal for the best all-around athlete in the academy was awarded to Tom R. Stanford, of Moody, Texas, the only four-letter man of the year. The medals were delivered by Mr. N. B. Allen in appropriate words. The medal offered by the Bryan Chamber of Commerce to the best drilled man in the corps of cadets, was won by Ernest Stark of Brazoria. This medal was one around which great interest centered and the honor was hotly contested, the second best man proving to be Sewell King of Houston. This medal was presented by Mr. Lee J. Rountree by special invitation.

Distinguished Students The following boys made a general average of 90 or above in all studies combined and were announced by Major W. G. Martin: Collier, Dyer, Kennard, Loggins, Price and Studeman. The Honor Roll The following boys made a general average of 80 or above in all studies combined: Allen, Ashford, Bell, J. ALLEN COMMENCEMENT EXERCISES ARE HELD HERE

Great Program For the Honored Institution Given in Bryan—Drills, Concert and Exercises Tuesday Evening at the First Methodist Church—Waldrop Co. Flag Won by Co. B.

The Allen Academy commencement exercises for 1921 were begun with appropriate exercises at the Methodist Church Sunday morning under the direction of Prof. R. O. Allen and faculty, Rev. H. C. Willis, pastor of the Methodist church opened the exercises with prayer followed by a vocal solo by Mrs. John W. Black. The commencement sermon was preached by Rev. W. N. Sholl, pastor of the First Presbyterian church to an attentive congregation. Rev. Sholl gave earnest words of admonition to the young men who in a very short time would leave Allen Academy for other fields and become a part of the active business force of the community, state and nation.

CO. B WON THE WALDROP & CO. FLAG

In the competitive drilled between Co. A and Co. B beginning Monday morning at 9:30 o'clock Co. B won the flag given by A. M. Waldrop & Co., which was presented by Miss Esther Cavitt, the sponsor, who was attended by Miss Eugene Edge. Miss Cavitt said: "Young Gentlemen of Company B: It is my great pleasure to have the honor of awarding to you, my company, for your efficiency and excellency the emblem, which for years has stood for all that is perfect, noble and mighty. The emblem which only the chosen few are permitted to bear. You have clearly demonstrated this morning, and during the year just closing, by your soldierly bearing, attention to duty, loyalty and proficiency in military science, that you have earned the coveted right to bear in your midst that which stamps you as the most efficient military organization of Allen Academy. I, as your sponsor, wish you to maintain your present efficiency in the years to come, and strive in all ways possible, to advance your proficiency, so that this beautiful emblem will remain in your hands, to love and cherish. Co. B, I, with a heart full of pride and love for you, present to you, in the name of A. M. Waldrop & Co., your well merited and just reward."

CONCERT AT METHODIST CHURCH MONDAY EVENING

Monday evening, May 30 at 8:15, the concert will be given with Director Anton Ernst in charge. Among those on the program are Messrs. M. Pratt, C. W. Webb, Erwin Ernst, Robert Ernst, Mrs. J. Webb Howell, Miss Kline, Miss Kennedy, Mr. Grant, Mr. Preitch. The march, "hTe Allen Spirit" will be rendered by Anton Ernst.

The graduating exercises will take place at the Methodist church on Tuesday evening at 8:15 opened with prayer by Rev. H. C. Willis. The commencement address will be made by Col. Clarence Ousley. The Bryan and Brazos County Chamber of Commerce gold medal will be presented to the best drilled cadet in individual contest by Lee J. Rountree. The diplomas and scholarships will be presented to the classes. Music by the orchestra and a duet by Erwin Ernst and Robert Ernst. The exercises are being largely attended by the people of Bryan and community who feel a deep interest in this great school.

Allen Academy Will Grant Diplomas 1920-21

One of the pleasing and happy events of the Allen Academy commencement exercises was the concert by the Academy Band at the First Methodist church on Monday evening. The concert was given under the management of Director Anton Ernst and opened with the "Red Rover March." A duet, "Spring's Awakening" on cornet and baritone was rendered by M. Pratt and C. W. Webb. The quartet "Minuet Favori" by Misses Cline and Kennedy and Messrs. Grant and Pietsch was an event. Erwin Ernst gave a violin solo "Kol Nidrei" and answered with an enchor. Mrs. J. Webb Howell sang a solo to the delight of the large audience. "The Allen Spirit" as a band rendition and a chorus brought storms of applause. The words were by R. C. Stevenson and the music by Director Anton Ernst. The "Allen Spirit" is a march and a chorus, all the Allen boys singing while standing with Director Ernst in a commanding position as leader. It was truly a great occasion. Prof. R. O. Allen expressed his appreciation for the attention of the vast audience and stated that Col. Clarence Ousley would deliver the commencement address Tuesday evening at 8:15 o'clock after which the diplomas, scholarships and medals would be presented. Among the medals to be presented is the Bryan and Brazos County Chamber of Commerce medal to Ernest W. Stark, of Brazoria, as the best drilled cadet of Allen Academy.

The following is the list of graduates for 1920-21: Henry N. Bell, Sayersville, Texas; Edward McK. Berry, Livingston; William P. Chapman, Elizabeth, La.; J. Edward Bragg, Liberty Hill, Texas; J. N. PRESENT SUPT. LAWSON HANDSOME GOLD WATCH

Teachers of Bryan Schools Made Presentation to Retiring Superintendent—A Great Commencement With Forty-Eight Graduates—President Henderson Delivers Diplomas to Senior Class.

Superintendent William Cannon Lawson, M. A., was presented with a handsome gold watch and Masonic emblem by the teachers of the Bryan city schools Friday afternoon at 4 o'clock at the High School at the last meeting of the faculty. The presentation was made by Miss Wesa Weddington and Mr. W. W. Bennett on behalf of the teachers. Miss Weddington expressed the deep appreciation of the work of Supt. Lawson for the past fourteen years and for all his kindness and co-operation in education of the children of Bryan and Brazos county many of them during the time have grown to manhood and womanhood. The watch bore the inscription suitably engraved "W. C. Lawson from the teachers of the city schools, Bryan, Texas, 1921." Supt. Lawson after fourteen years of service and being re-elected could not accept the place again but will take up new work after September 1st. In the meantime Supt. Lawson will go to Belton on June 8th to teach in the summer school at Baylor as he has heretofore done.

In his response to the presentation of the gift Supt. Lawson expressed his gratitude in expressions of sincere appreciation and paid tribute to the unselfish and noble work the teachers had accomplished in the Bryan schools. Supt. Lawson could hardly find words to express his thoughts and feelings and this was indeed one of the crowning events of his useful life and one that any man can cherish through time. He had labored fourteen years here and the good will, friendship and esteem in which the teachers held him would never be forgotten, Supt. Lawson said. Indeed this was a beautiful ending of his long and busy career here before taking up work elsewhere in his profession. Those present were: Mr. Fletcher, W. L. Powers, Miss Annie Deering, May Burtis, Miss Mina Graham, Miss Elizabeth Suber, Miss Olive Cloud, Miss Lella Griffin, Miss Allie Montgomery, Miss Lucile Young, Miss Malcolm McInnis, C. L. Cleveland, J. L. Reese, Miss Mrs. Roscoe Bates, a former teacher; Mrs. J. N. Goodwin, Mrs. Edna Tobias, Misses Ray Montgomery, Nelle Grimes, Nina Henry, Margaret Zuber, Lillian McLendon, Edelweiss Koppe, Gladys Walker, C. M. Bethany, Wesa Weddington and W. W. Bennett.

SUPT. LAWSON AND PRESIDENT HENDERSON SPEAK
At the graduating exercises of the Bryan High School at 10 o'clock Friday morning Supt. W. C. Lawson made his farewell address expressing his gratitude to the faculty, pupils, patrons, trustees, the Bryan Eagle management and the people generally for their support during the years for all the support that had been given him in the great cause of education. Supt. Lawson goes to other work with the good wishes of all for his abundant and continued success.

Hon. F. L. Henderson, president of the Bryan School Board, presented the diplomas and below is the list of the graduating class, there being twenty-three girls and twenty-five boys a total of 48 which presents a wonderful showing for our splendid schools: Girls—Elaine Bizzell, Willie Mae Collard, Sara Myrl Dishman, Gladys Dowling, Helen Downard, Jean Edge, Lucy Elkins, Dorothy Ettle, Ruth Knox, Mary Mitchell, Helen Moore, Mary Newland, Adaline Seale, Marjorie Short, Jennie Louis Stevenson, Mary Ellen Stuart, Martha Suber, Rosa Todaro, Mattie Sue Waite, Nanne Shel Waldrop, Frances Wallace, Julia Wilcox, Ola Williams. Boys—Thomas Allen, Leon Boriskie, Douglas Broach, Henry Buchanan, Griffith Cloud, Webster Cloud, J. T. Closs, George Fraps, Isidor Gelber, Ross Groginsky, Paul Hanna, Ira Kelley, Edgar Koenig, Ward Lambert, Joseph Maloney, Vernon Martin, Wilmer McCullough, Joe Melaskey, Carleton Morehead, Sam Pate, James Ray, Elmer Reed, Ralph Reynolds, Adrian Wilker, John Winton.

SUPT. LAWSON'S LETTER TO THE SCHOOL BOARD
Board of Trustees of Bryan, Texas:

Gentlemen: I wish to state that I have decided not to accept the position of superintendent of the Bryan City Schools to which I was recently elected for the coming year.

Heretofore, I have declined tempting offers in order to stand by the Bryan schools during this difficult reconstruction period. Now, however, I feel that I have done my part, hence my decision to retire when the work of the present school year has been completed.

During the time I have been in Bryan, I have given my life unreservedly to the schools. As a result numbers of young people, loyal and true, my joy and my pride, have finished the course, have gone out from the schools, and are making good, everywhere and always.

To you, gentlemen, I am deeply grateful for the cordial support you have given me in the performance of my duties. I shall ever hold each of you in the highest esteem, and remember with pleasure the days when you and I worked and planned together for the Bryan City Schools. Faithfully your friend,

W. C. LAWSON.

FROM REMOTEST PARTS OF GLOBE

TANLAC ELEMENTS COME FROM MANY LANDS FAR AWAY FROM HERE

The ingredients from which the celebrated medicine Tanlac is made, come from remote sections of the earth, and are transported thousands of miles over land and sea to the great Tanlac Laboratories at Dayton, Ohio, and Walkerville, Canada, Pyrenees, The Alps, Appennines, Russian Asia, Brazil, West Indies, Rocky Mountains, Asia Minor, Persia, India, Mexico, Columbia and Peru are among the far away points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac which, according to recent reports, is now having the largest sale of any medicine of its kind in the world; over 20,000,000 bottles having been sold in six years.

The new plant occupies 60,000 square feet of floor space and has a daily capacity of 50,000 bottles. Uniform quality is guaranteed by a series of careful inspections by expert chemists from the time the roots, herbs, bark and flowers are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labeled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this or any other medicine. Tanlac is sold in Bryan by W. A. Stewart, Druggist, and all leading druggists.

Miss Estelle Anderson of Houston who has been a guest of Mrs. M. L. Parker has returned home.

"INVISIBLE EMPIRE" IN BRAZOS COUNTY

Early Saturday morning as the gray dawn broke over the eastern horizon early risers discovered strange words posted here and there along the streets and on doors in Bryan. The words were from the Knights of the Ku Klux Klan of the "Invisible Empire" that have appeared in other towns throughout the United States and were addressed in a "Proclamation to Brazos County." One of the striking phrases appearing in ink read: "Mene! Mene! Tekel! Upharsin!" and another statement read: "No innocent person of any color, creed or lineage has any cause to fear or condemn this body of men. We propose to protect the innocent under all circumstances." Then another remarkable statement appeared declaring that "graffers, loafers, immoral men and women of all races must go to work."

The Eagle made diligent inquiry to ascertain where the mysterious proclamation came from and a well-known colored man driving a wagon said: "Boss, I saw about eight strange men talking in de streets about midnight last night but I didn't ask them nothin' or say nothin' to 'em and they said nothin' to me. We bof jest went on our own business." Another party reported to the Eagle that four mysterious persons called at the house and made enquiries for a certain person that had been suspected of a grave crime against morality and the law and then entered a high powered automobile and started on the road toward Houston without saying any further words. After these men had gone a little card was found which read: "Go to work. Do your duty. Do not fear." There were many opinions, merely opinions however, and so far nobody seems to know anything regarding the mysterious proclamation which closes "Mene! Mene! Tekel! Upharsin!" These words are the mysterious handwriting on the wall at the world famous feast of Belshazzar four thousand years ago in the city of Babylon when the King and a thousand of his lords and their wives and concubines gathered in crime and debauchery. When the whole nation was prostrated by crime, immorality and Babylon was reeking with shame the words were written on the wall and no man in the kingdom could interpret them. All the magicians and wise men stood palid with fear and Belshazzar, the all powerful king commanded the wise men to read or die. They fell face downward and the mysterious hand wrote again. Then the king's knees smote each other. Daniel, who was in prison and in chains was brought forth and he read: "This is the writing: Mene! Mene! Tekel! Upharsin! and this is the interpretation: 'God hath numbered thy kingdom and has finished it, thou art weighed in the balances and found wanting. Thy kingdom is divided this night and given to the Medes and the Persians.' The great sequel to this mystery is described: 'In that night was Belshazzar the powerful king of the Chaldeans slain.' It is recalled by the words that Babylon once the most powerful city on earth which drifted into indolence, amid a vast crime wave fell, was destroyed by God's wrath and disappeared from the face of the earth. These things are recalled here just as a matter of historical record.

PROCLAMATION
"Be it known and it is hereby proclaimed in Brazos county: That this organization, composed of native born Americans who accept the tenets of the Christian religion, proposes to uphold the dignity and authority of the law. No innocent person of any color, creed or lineage has any just cause to fear or condemn this body of men. We propose to protect the innocent under all circumstances. Our creed is opposed to violence, lynchings, etc., but we are even more strongly opposed to the things that cause lynchings and mob rule. "Cohabitation of white men with negro women is against the laws of this state, is against the interest of both races and is the direct cause of racial trouble. Such practice MUST STOP. We want no more half-breeds. Graffers, loafers, bootleggers and gamblers must go to work. Immoral women must go. "The eye of the unknown hath seen and doth constantly observe the man or woman, white or black, who disregards this warning. 'Whatever thou sowest, that shall ye also reap.' Without regard to official, social or financial position, this warning applies to all persons alike living within the jurisdiction of this Klan. Be it remembered that 'your sins will find you out.' Do not deceive yourself. You cannot deceive us and we will not be mocked. This warning will not be repeated. "Mene! Mene! Tekel! Upharsin!" "Knights of the Ku Klux Klan." REMAINS OF LITTLE MARY KELLY BURIED

The remains of Mary Kelly, 8 years, daughter of Mr. and Mrs. E. C. Kelly, of Silsbee, who died Saturday morning at eleven thirty o'clock was shipped to Bryan and arrived last night over the Houston Texas, Central train and taken to the home of Mrs. Ruth Batte, where funeral services were held this afternoon at 4 o'clock with interment following in the City Cemetery. The services were conducted by Rev. J. H. Collins of Silsbee, assisted by Rev. H. C. Willis, pastor of the Methodist Church of Bryan. This little daughter was the idol of her parents, kind, loving and thoughtful, the joy of the home. She was taken sick with pneumonia some weeks ago and with other complication caused her death.

The remains were accompanied to Bryan by the father and mother, Mr. and Mrs. E. C. Kelly of Silsbee; Mrs. Paschal Buford of Austin; Mrs. Albert Hamnerman, of Bryan and aunt and Rev. J. H. Collins their pastor. Mrs. Kelly will be remembered in Bryan as Miss Blanche Mize and has many friends and relatives here who extend love and sympathy in this great hour of sorrow.

The remains were postmarked in a neighboring town: "To the Citizens of Brazos County: This organization has caused to be posted a proclamation containing in substance the following articles of faith: This organization known as the Knights of the Ku Klux Klan of the Invisible Empire proposes to uphold the dignity and authority of the law. That no innocent person of any color, creed or lineage has just cause to fear or condemn this body of men.

"That our creed is opposed to violence, lynchings, etc., but that we are even more strongly opposed to the things that cause lynchings and mob rule. "That this organization stands for the enforcement of all laws without fear or favor. It recognizes, however, that situations frequently arise where no existing law offers a remedy. It hopes to see such conditions remedied by the power of public opinion and the enactment and enforcement of proper laws. That this organization does not countenance and it will not stand for the co-habitation of blacks and whites of either sex. It does not countenance and it will not stand for social parasites remaining in this city. It is equally opposed to the gambler, the trickster, the moral degenerate and the man who lives by his wits and is without visible means of support.

"The eye of the unknown hath seen and doth constantly observe all, white or black, who disregard this warning. 'Whatever thou sowest, that shall ye also reap.' Regardless of official, social or financial position, this warning applies to all living within the jurisdiction of this Klan.

"Your sins will find you out." Be not deceived. You cannot deceive us and we will not be mocked. This warning will not be repeated.

"Mene Mene Tekel Upharsin." This organization further believes that the certainty of perpetuating American liberties lies in the solid support of our public school system, adding thereto love of country and veneration for the Deity. With this in view, it wants to see an American flag raised each day with appropriate ceremonies over every public school house in the state, and each pupil in those schools instructed in the principles of morality. We believe in the enactment of a statute to that effect. Hereafter, all communications from us will bear the official seal of our Klan. (Signed)

THE BRAZOS COUNTY CONCRETE HIGHWAY TO BE MADE WIDER

When it was found that the 1-10 mile of concrete road on the King of Trails between Navasota and Bryan was very narrow being only about fifteen feet a number of citizens of Bryan and Grimes county met in Navasota and asked Chairman R. M. Hubbard, Commissioners Martin and McCrory and State Engineer Windrow, to grant Brazos county the sum of \$8,000 to widen the road to at least seventeen feet so that wagons and autos could pass each other in safety. About 100 feet of concrete had already been laid when the negotiations were taken up by telephone and telegraph, one commissioner being in San Antonio, one in Hill county and one in Bowie county and Engineer Windrow in Austin. Editor Lee J. Roundtree, of the Eagle, Saturday morning received the following telegram from Commissioner D. K. Martin, of Hill county: "State Engineer Windrow notified County Judge Ferguson the allotment of \$8,000 is granted for the road." Senator Henry J. Lewis, Ward Templeman, and Secretary Adams of Navasota and Secretary S. E. Eberstadt, D. D. White, Commissioner E. B. Holland and others in Brazos county worked on this problem several days until the Highway Commissioners granted the request, the problem being hard on account of all the commissioners being at their homes in different portions of Texas and no regular meeting until June 20.

BOYETT-MITCHELL WEDDING
Miss Mary Mitchell, daughter of Mrs. Mary Mitchell and Mr. Oran H. Boyett were quietly married Saturday evening at eight o'clock at the home of Mr. and Mrs. Wade D. Cox, sister of the groom. Rev. Wm. N. Sholl, pastor of the First Presbyterian church performing the beautiful ring ceremony. This young couple was to be married some time in June and it was not until Saturday afternoon that they made known their plans to the members of the immediate family. Mrs. Cox made hurried arrangements and had the parlors of the home attractively decorated in ferns and quantities of Cape Jasmine and in this charm of home atmosphere and simplicity they plighted their troth.

The bride a beautiful, petite brunette never looked lovelier than she did on this occasion gowned in a becoming frock of gray taffeta, with hat, shoes and gloves to match. Her lone ornament was a handsome diamond and platinum ring a gift of the groom. Besides beauty of face she possesses beauty of soul, innocent, gentle, sweet and lovable, it is refreshing to know a young woman of such charming personality and splendid character, and her score of friends extend good wishes for her future happiness.

The groom is a son of Mr. and Mrs. W. C. Boyett of College and was born and reared in Brazos county. He is recognized for his business ability and trustworthiness. He owns a plantation in the Brazos bottom, and deals extensively in cattle and is successful. Mr. and Mrs. Boyett will make their home in Bryan with Mrs. Mary Mitchell.

SAM LOW ELECTED TO TEXAS LEGISLATURE

(Special to the Eagle)
Brenham, Tex., May 30.—Sam D. W. Low, democrat, defeated Paul Klingsporn for state representative of the Sixty-ninth District in the election here by 760 votes. Low was former penitentiary commissioner and will replace H. J. Neinst, who was recently unseated by the legislature at Austin on the choice of disloyalty during the World War. Mr. Low formerly served as a member of the legislature and resigned recently from the penitentiary commission on account of being out of harmony with the policies of Gov. Neff.

THE CAKE CONTEST WAS GREAT SUCCESS

The Cake Contest advertised during last week for Saturday at 2:00 p. m., at Sam B. Wilson & Company's Store, made from Snow Drift and American Beauty Flour, was a great success and immensely enjoyed by all. About fifty cakes were entered in the contest and were judged by Miss Young, of the Bryan High School, and Mrs. C. W. Burchard, of College. The following points were used: 40 points for flavor, 20 for lightness, 10 for appearance, 15 for baking and 15 for grain and texture.

The cake with a certain recipe was selected by Mrs. Nettie Taft of the Educational Department of the Southern Cotton Oil Company of New Orleans, who also gave the ladies, during the week, some valuable information in preparing Salads and Salad Dressing from Wesson Oil. The work done by Mrs. Taft is of the highest order and she also baked a cake each day for the great number who visited her booth.

The following ladies were awarded prizes for the best cake: First prize, Mrs. Bessie Lawrence; second prize, Miss Annie May Metzger; third prize, Mrs. G. W. Emory; fourth prize, Miss Dana Johnson; fifth prize, Mrs. Lillie Todd; sixth prize, Mrs. Christian; seventh prize, Mrs. W. Wiprecht and the balance of the contestants were each given a can of Snowdrift.

The ladies thanked Mrs. Taft for their week of valuable instruction and wish her an early return to our city.

THE FARMER-BANKER LIVE-STOCK SPECIAL TEXAS A. & M. COLLEGE

(Special to the Eagle)

allas, June 1.—For the purpose of evaluating interest in the dairy, hog and live stock industries in Texas, the Farmer-Banker Livestock special train will be operated throughout the state during August and September under the joint direction of the Texas Chamber of Commerce and the A. & M. College. The special train will leave College Station following the Farmers' Short Course which closes July 31 and will run north through Texas, Oklahoma, Kansas, Nebraska, and Minnesota. From Minneapolis the train will run west through North Dakota, Montana and Wyoming, after which a trip will be made through Yellowstone park. The train then runs south through the dairy and hog raising sections of Idaho and Utah to Salt Lake City where a day will be spent sight-seeing. The next stops will be in Denver, Colorado Springs and the farm country of East Colorado, and return trip will be made in the handle Plains section of Texas where one or more stops will be made for the benefit of South and East Texas farmers who wish to see the wheat, grain sorghum and live stock section of their own state. A definite itinerary has not yet been fixed, but numerous stops will be made on the way north through the farming section of the middle West. A number of prize hog farms and dairies will be visited in Kansas, Nebraska, Iowa and Minnesota. Along the route of the special train are some of the greatest live stock breeding farms in the United States. Much attention will be paid to methods of raising in the middle western states which are noted for their progressive methods. The Texas delegation will be led by farmers and business men along the route which will afford opportunity for discussions of live stock raising and feeding, silos, tractors, and dairy methods.

J. M. Evans, dairy specialist of the A. & M. College, will make the advance trip and work out the schedule of the special train. Stops will be made in those farming regions which are examples of farming industry as to development in Texas. After reaching Minneapolis, a special study will be made of the wheat and dairy industry in Western Minnesota, and dry farming sections of North Dakota and Montana. Dry farming and irrigation projects will be studied after the delegation leaves Yellowstone park and travel through Idaho, Utah, and Colorado and the final stops of the journey will be made in Northwest Texas where farming and stock growing methods will be much for the study of farmers in the strictly cotton-growing sections of the state.

"No more than getting away from me and seeing how the other fellow works," says James J. George, vice president and general manager of the Texas Chamber of Commerce, in commenting upon the trip, "we are trying to make this tour a part of the general movement to abandon the one-up farming which makes the majority of Texas farmers dependant upon cotton alone. With the enthusiasm ought back by those who make the project of great benefit to the entire state." An illustrated booklet depicting the trip will be printed by the Texas Chamber of Commerce and distributed free to farmers of the state who request it.

WRESTLING MEET AT A. & M. COLLEGE

(By Associated Press)

Austin, Tex., June 1.—The wrestling schedule of the University of Texas for next year is now being arranged by Coach Roy J. McLean and promises to afford interesting competition. Arrangements have been completed for a dual meet with Texas A. & M. College Station, and a similar meet with Oklahoma University, probably in Austin. Tentative dates have been arranged with Oklahoma A. & M. and with Austin College of Sherman. In addition there will be the conference meet, in which the University, Texas A. & M., Oklahoma A. & M., Kansas University and others will be represented.

Nelson Scurlock of Cleburne has been elected as captain of the University wrestling team for the coming season. Prospects are said to be good for a winning team, with sixteen men returning to school, and about fifty candidates for the team on the freshman and ineligible of the year.

The splendid Commencement of Allen Academy which took place at the Methodist church during the week as a source of much congratulations to Prof. R. O. Allen and his assistants. Four states were represented in this body of splendid young men. Texas of course leading the way. DETOUR BRYAN AND NAVASOTA HIGHWAY

(Navasota Examiner-Record.)

A committee of Bryan business men, Messrs. Lee J. Rountree, member of the legislature; S. E. Eberstadt, secretary chamber of commerce; Horace Boyett, Brazos county engineer; Ernest B. Holland, county commissioner, and D. D. White of White's Garage of Bryan came over Wednesday and joined with the local committee in securing a detour road that will make the detour around the concrete work on the King of Trails in Navasota bottom, easy. We are indebted to Dr. S. J. Emory, Messrs. Wallace Brosig, Dave Greer and Ward Templeman for their public spiritedness in letting the public detour through their farms.

After Friday, May 27, the public will no longer have to take the Washington bridge-Dinkins-Millican route, but will cross the Bryan-Navasota bridge at the point where the concrete begins, going through Dr. Emory's Wallace Brosig's, Dave Greer's and Ward Templeman's farms, reentering the King of Trails at Ward Templeman's ranch house gate, or at the little station Neleva.

Would it be asking too much to ask that the traveling public ever be mindful of the growing crops, refusing at all times to trespass? We asked for this private property for your use, conditioned on two things: First, that the public would not trespass; second, that the road would be closed during rains. If these promises are violated by the public, the roads will be closed, and the fifteen-mile detour will be yours.

This detour is almost as short as the regular road. It is a boon to the public that we believe the public will appreciate and show their appreciation by keeping the road across the farms.

BRYAN ROTARY CLUB RECEIVES ITS CHARTER

At the weekly luncheon of the Bryan Rotary Club held this afternoon at the St. Andrew's Parish House President Tom K. Lawrence announced that the charter had been received and Vice President Lee J. The Bryan Rotary Club is No. 942 and ten new clubs have recently been organized.

FARM BOY SPECIAL NEXT YEAR

The Farm Boy Special tour of the A. & M. College and Texas Chamber of Commerce which met with great success last year, will not be repeated until 1922. The matter was considered this year, and a referendum was sent to local Chambers of Commerce and county agents. The majority of these indicated that they thought it best to postpone the next farm boy trip until 1922 due to tight money and the difficulty which would be met in raising the prizes. Favorable expressions came from a number of counties, however, and a place will be made aboard the train for all farm boys who can make the trip.

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason

Mr. John T. Orr, president of the Texas Farm Bureau, in an address delivered before the Texas Banker-Farmer Congress, held at College Station, Texas, March 3-4, said, among other things, the following: "It is a fact so well known among all informed people that it scarcely deserves a reference at this meeting and in this address, that there can be no permanent agriculture except that which is based upon a diversified agriculture which has a live stock industry as its foundation; and yet, we have through our system of land tenure and financial credit, driven our people in the direction of certain failure in the end."

When I speak of the relative prosperity of farming under the two systems referred to, I am only talking from what I know from practical experience as a farmer and one who had never done anything else except farm, and right at this point I want to give due credit to this institution, the Texas A. & M. College, for showing me the light on the subject. I have often thought and have repeatedly said if the great teachings of the Extension Service of this College could have come to me as it is now coming to every farmer in the state when I made my first crop, instead of after I made more than 20, I might have saved myself and family many years of fruitless toil and many nights of restless sleep. The greatest single blessing which could come to the farmers of Texas would be for the Divine Providence to so open the mind of the average farmer that he could see the great benefits to be derived from the teachings of this institution. I know just how the average man regards the information which comes from agricultural colleges and experiment stations, because for ten years I personally refused to give them any consideration whatever, but that was my misfortune. The banker can be of great service in bringing about a closer sympathy and working relationship between the farmers of their communities and the agencies of this college dealing with this subject."

If the A. & M. College, through its Extension Service, could assist Mr. Orr nearly two hundred miles away to get on the highway of prosperity how much more might this same service help Brazos county farmers?

In the recent commencement address delivered at Texas A. & M. College by Mr. Theodore H. Price, of New York City, no greater truism was stated than when he said: "The service that the farmer renders to society is generally recognized and acclaimed, but the profit that it yields is thus far relatively small, largely because what ought to be the most profitable business in the world as made unprofitable by reluctance of those who are engaged in it to adopt new methods and be truly cooperative instead of intensely individualistic."

And yet there seems to be those reluctant to take hold, and others determined to block the Farm Bureau, the greatest cooperative organization yet devised for the American farmer.

Emory Jones, club member, Route 4, reports that his Shorthorn heifer, Fair Lilly, is making rapid strides toward a great cow. Remember, club members, that Emory drew the youngest calf in the lot, but she inherits the finest of breeding, the other essential to success being attention, which, no doubt, will be given "Fair Lilly."

We regret to report that Hettie Francis' fine pig is in the hospital at College this week. We hope to report soon that the pig is back home squealing for more skim milk. How fortunate we are to have a veterinary hospital nearby where we can get the best and quickest attention given our live stock.

M. G. Buchanan, Harvey community, says that Brazos county will not average five bushels of corn per acre this year. The outlook is anything but promising, but remember, we have two months yet during which we may plant feed crops, such as sorghum, sudan, milo, millet, peas, peanuts, sweet potatoes, etc.

Remember, that the money spent for feed leaves Brazos county never to return. What will happen when a poor cotton crop finds us without feed for our live stock this winter and next spring?

Application for membership in Dairy Club and Hereford Club continue to come in, but we hope to be ready soon to place this live stock, so get your application in as early as possible.

One dollar will be given to the man, woman, boy or girl who will send in to the county agent by June 15, 1921, the best plan for our farmers to pursue in providing for feed crops this year. Answers to be given in not more than one hundred and fifty words, and at least ten answers, or plans, must be submitted. Remember, this contest is not for club members only, but for everybody. The best answer will be reproduced in "Club Column." Get busy in order that we may pass your suggestion on to some one else. That will be cooperation.

County directors for Brazos County Farm Bureau will be elected next Saturday at 2 p. m. The entire membership ought to be present to take part in electing the best men possible for these positions.

SEARCHING FOR THE LOST RIVER OF GOLD

(By Associated Press)

Edmonton, Alta., June 1.—Search for a lost river—a river of gold—will be undertaken this year by several prospectors, including old-timers from the Yukon and Alaska, who are here outfitting for the long journey into the north country. This lost river bed, where the Peace river once flowed, is somewhere in the big bend of the Peace, bisected by a line drawn from Port St. John to the mouth of the Battle River. Some years ago an Indian brought into Ft. St. John a fair size gold nugget which, according to the tale told by the old timer or the north, he discovered in a stream in the country to the north east of the post.

Soon after this an old trapper, a white man, who made Port St. John his headquarters, came into the Fort with a quantity of coarse gold which he had washed from some stream in a similar direction to that from which the Indian hailed. He never visited his trap lines after this, living on the fat of the land in carefree idleness at the post. He often disappeared, when ever his supplies of necessities ran low, and would be away for a few days, always returning with a fresh supply of gold.

This aged trapper lived in this manner for a number of years. He died, as many trappers and north country men have, on the trail. His body was found frozen. With him went his secret, he never having told to anyone the location of his find. The books of the Hudson's Bay Company still contain a large credit account in the name of the old trapper.

Northmen, who tell the story of the mystic El Dorado north of the Peace, declare that the gold was only available after a heavy fall of snow, with which the old fellow apparently washed his mineral. From an analysis of the circumstances generally, it is thought that the place from which the gold was taken was some old river bed where the Peace once flowed, but whether the story is correct or not remains to be proved. Prospectors, however, are putting up good money to test the truth of the theory that the precious metal does exist somewhere to the north of Claw Hills in large quantities.

SUNDAY SCHOOL PICNIC

The Free Baptist Sunday School picnic will be at the Old-fish-pond two miles west of the College, next Thursday, June 2. All teachers and pupils are urged to attend. I will expect you to meet me at the church Thursday, 4 p. m. If you have a car be sure and get a load before leaving the church. Come and have a big time with us. REV. JOHN WHEELER, Superintendent.

Mrs. M. B. Willis of Waco who has been here to visit her daughter, Mrs. A. M. Waldrop has returned home.

BRAZOS COUNTY ROADWAY IS BEING WIDENED

District Engineer A. C. Love, County Engineer Horace Boyett and County Judge H. O. Ferguson have received notice from State Engineer R. J. Windrow through a message to Judge Ferguson that the State Highway Commission had granted \$8,000 additional state aid to widen the concrete road in Brazos county from 15 to 17 feet. This is a mile and six-tenths. This road is on the King of Trails from Navasota to Bryan. The officials are looking after the improvements and the laying of the concrete road is being pushed.

PRESIDENT BIZZELL AT JUNIOR COLLEGE

(Special to the Eagle)

College Station, Tex., May 31.—Dr. W. B. Bizzell, president of the A. & M. College of Texas will attend the Commencement exercises and deliver the Commencement address at the Junior A. & M. College at Arlington, May 31 and at the Junior A. & M. college at Stephenville, June 1. He delivered the Commencement address to the graduating class of the Palestine High School Friday night.

In the closing of school and the final count of averages for the year's work it was found in the fourth grade of the West Side School that the following pupils had made the highest grades and done excellent work: Frank Bain, Ethel Skelton, Margaret Parker and Frances Louise Smith. Others in close second were: John Heard Astin, Katherine Henderson and Opal Bragdon.

CHAMBER COMMERCE ENROLLS FORTY NEW MEMBERS TUESDAY

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning at 10 o'clock President Tyler Haswell presiding and Secretary S. E. Eberstadt at the desk. Present at the meeting were: Tyler Haswell, Major L. L. McInnis, R. S. Webb, J. D. Martin, John A. Moore, Jr., Jno. M. Lawrence, D. L. Wilson, J. M. Gordon, Oak McKenzie, Sam B. Wilson, Lee J. Rountree, T. K. Lawrence, Secretary S. E. Eberstadt, E. H. Astin, County Agent C. L. Beason and P. S. Mangum.

Chairman Jno. M. Lawrence of the Finance Committee, reported the following new members of the Chamber of Commerce: Bryan Electric Company, Bernard Bone, M. R. Bentley, Mrs. Maggie W. Barry, W. B. Cook, A. B. Cox, W. H. Darrow, M. M. Daugherty, Jno. R. Edmonds, W. J. Emmons, Jno. T. Egan, G. S. Fraps, Miss Helen M. Higgins, T. H. Halmton, A. D. Jackson, J. M. Jones, Robert R. Lancaster, G. D. Markworth, W. T. Magee, T. A. Munson, B. D. Marburger, L. J. McCall, H. Ness, R. F. Parkinson, Miss Margaret Pryor, S. D. Pearce, H. J. Reinhard, E. B. Reynolds, J. J. Richey, Jno. B. Smith, Miss Mary Jessie Stone, H. Schmidt, R. L. Spiller, J. J. Taubenhau, Lloyd R. Watson, S. R. Warren, G. C. White, Lenthall Wyman, E. S. Wilson and B. Youngblood.

Chairman Oak McKenzie of the Entertainment Committee, explained the tentative plans for entertainment of the Hoods' Texas Brigade on June 28 and 29. Motion was made by Major L. L. McInnis to refer the entire matter to the entertainment committee for action.

Chairman J. D. Martin, of the Agricultural Committee, reported that C. L. Eden was not ready to make a report on the potato curing plant as it was still uncompleted.

Chairman D. L. Wilson, of the Highway Committee, stated that he had been out of Bryan for about three weeks and asked Secretary Eberstadt to make a report. He said in company with Dudley D. White and D. L. Wilson he spent Wednesday, Thursday and Friday of last week on the Navasota Bottom road and in Navasota at work on securing a short detour of the Bryan-Navasota road and in getting the concrete road widened two feet making it 17 feet wide instead of 15 as it was being laid. The detour was cut down to half a mile and saved about a mile so that the tourists would have a graded marked detour without gates, so that they would come this way again, as they were going by Brenham and Cameron instead of Bryan. The first day the short detour was opened 100 more cars passed over the road in one day than the day before. Secretary Eberstadt stated that Secretary S. W. Adams, of Navasota Chamber of Commerce remained with the Grimes county grading teams for two days while White, Wilson and Eberstadt dug post holes, built barb wire fences, painted and put up signs on these three days. Secretary Eberstadt reported further while in Navasota on this detour question he and Mr. White held a conference with Senator Lewis, Ward Templeman, E. H. Terrell, Jno. A. McLay and Secretary Adams on the question of widening concrete road from 15 to 17 feet. Secretary Eberstadt said he telephoned to Representative Lee J. Rountree from Navasota to come at once to consult over the telephone with members of the Texas Highway Commission to secure an additional appropriation of \$8,000 for the state to widen the road. Secretary Eberstadt stated that the chairman was in New Boston, one commissioner in San Antonio, one in Itasca and the state engineer was in Austin and wires were kept busy until an agreement was reached and County Judge Ferguson was notified that the \$8,000 allotment was granted. Secretary Eberstadt expressed his appreciation to the citizens of Navasota and D. D. White of Bryan for their aid and assistance and very particularly to Henry Lewis and Lee J. Rountree for securing the appropriation.

President Haswell stated that he had gone down to Houston over the old detour and found it almost impassable over the Dinkins road and that he returned over the new detour and found it in good shape and Messrs. Eberstadt, White and Wilson digging post holes and building gates.

Upon motion a special committee of Tyler Haswell and Lee J. Rountree be temporarily added to the Highway Committee to look after the detour road and to work on the concrete improvement with the county officials.

Secretary Eberstadt stated that three families wanted homes in Bryan, but there was none to be had at present.

Banking Commissioner Ed Hall was here from Austin and in response to a request from President Haswell stated that he was still a citizen of Bryan and felt a great interest in the town and all of its activities.

P. S. Mangum, manager for the Saladin Poisoning Company, was present and stated it was the purpose of the company to build a factory in Bryan, and one of their machines was on display at White's garage. This question was discussed by E. H. Astin and Major L. L. McInnis and upon motion of Oak McKenzie Mr. Mangum's proposition was referred to the City Development Committee for action.

R. S. Webb brought up the question of summer feed crops and called on County Agent C. L. Beason who said it was his purpose to take up the planting of June corn, milo maize and feterita in Brazos county. County Agent Beason is now working on several problems for the good of Brazos county.

M'LENNAN COUNTY FARMER RIPS LAWYER CROSS UP THE BACK

(Waco News-Tribune)

Praising Aaron Sapiro, marketing expert, and growing caustic in criticism of the local farm association, the following communication from "A McLennan county farm reader" has been received by the editor with a request for publication: "How long are we going to submit to this farce? The A. & M. students are not going to stand for the accusation that their college officials are 'tools' of the farm bureau, and that their ways are ways of 'folly.' The A. & M. officials have an equal privilege of stating that the farm association officials are 'tools' of the cotton speculators and capitalists."

"They might go still further and call the McLennan County Farm association 'copy cats,' for they are using the money that the 1500 farmers subscribed to the farm bureau, for the purpose of crumbling up the biggest drive that ever promised prosperity to Texas."

Farmer Pays the Bill

"There is method in the madness," of this farm association official board. They have had ample opportunity to help us for the last 25 years. Not till the California plan spreads over the United States and threatened to cut the income of certain non-producing capitalists did they lift their "suave" tones in "defense" the cotton grower. One cotton man (a non-producer) living not a thousand miles from Waco is reported to have paid an income tax last year of over \$90,000, while other cotton men living in an eastern city paid over \$500,000 income tax. The cotton producer paid the bills, piled up their fortunes, then their income tax.

The retailers failed to back Sapiro, and then thanked Mr. Cross, Ye Gods! Don't the hardware men know where their bread and butter comes from? If they could see the tools that the farmers are using, they would cry out to Aaron Sapiro to come back and answer the accusations that he tried so hard to hear as he faced the farm association in the chamber of commerce, but not one word until his back was turned.

Says Bankers Indorse

The hardware men ignored Sapiro officially, but the thousand Texas bankers thanked him for bringing his plans to our state. They know full well that the prosperity of the farmer is the foundation of all legitimate business—and that a powerful organization of the cotton producers—which promises them a fair living means millions of dollars to the Texas banks.

A local organization can never in the world handle the cotton situation for a term of years—we need the "Solid South." If we don't present a stone wall front we will just manage to pay our bills at the end of the season, while Mr. Speculator rolls into Waco in palace car and snubs The News-Tribune reporters.

Association Jesting

The farm association orators are joking when they suavely tell us that we are the smartest farmers in Texas, or they would never have manipulated that \$15,000 as they are doing. Nor would they have changed the date of an afternoon paper, and sent it out to us the next morning with a whole page of advice on how to raise things, that we have known from our childhood.

"A whole column devoted to 'Young Turkeys do Best on Open Range.' We know how to raise things but we do not know how to tell things. We have never known how to market our products and when Mr. Sapiro came and showed us how to kick out of the shacks, we slapped him in the face."

McLennan county should blush to think of the reception she gave the man who stands next to Hoover in helping to untangle the serious situation. Moses instead of Aaron—for he is certainly leading the United States farmers into the promised land. One of our most prominent merchants in Waco, told the writers that every word that Sapiro said was true.

"McLennan county made 133,373 bales of cotton last year. McLennan county should do her own thinking—quit following the one stray sheep out of the 99. It reminds one of the soldier who was in step, the balance all out. I say we should do our own thinking and sign up at least 33,373 bales to be handled by the farm
